

# Belton Chalet Face & Head Spa Menu

## FACE

### Signature Fassage

This is Remedies version of a facial. We make all of our products fresh in the kitchen, out of all natural, basic food ingredients. You relax on a heated table while we spoil your face with a circulation scrub, protein mask, paraffin mask and toner and your hands and feet with a massage. A homemade mayonnaise massage for your face, neck and shoulders finishes this one perfectly! **\$80**

### Deluxe Signature Fassage

This adds a paraffin wrap for your hands and feet, and 20 extra minutes of massage... bliss! **\$110**

### Egg on your Face

For the day of the breakout... eggs are great for drying up those oily spots! Hot towels, then a egg and honey with lavender mask and you've got the answer for cleaning up those bad boys! **\$25**

## HEAD

### Steamy Wonder

A great way to start your Spa Day... the old fashioned steam. Peppermint, eucalyptus and lemon zest steam in a bowl, with a towel over your head, just like grandma made you do! This one opens up those clogged up sinuses so you can breathe again! **\$15**

### Ultimate Scalp Massage

This 20 minute intensive head rub is the perfect addition to a Fassage, or any Spa Treatment... enjoy! **\$30**

### Ultimate Herbal Scalp Massage

This is the same as the original, but we heat up one of our herb-infused hair oils: for growth, or dry hair, and massage it into your scalp. Great for moisturizing and repairing even the most stubborn locks! **\$40**

### SpaQuil

The cure for the common cold! The SpaQuil begins with a 30 minute friction rub with our Cold Cream blend to stimulate circulation. Then your hands and feet are wrapped in hot paraffin wax, and we cocoon your whole body in heated blankets. While you are wrapped up, we will do an essential oil sinus steam, and rub your hands and feet. This is finished off with a face, scalp and sinus massage. Much better already! **\$100**
