

Glacier's Grand Heritage Tour

Explore Glacier National Park the way its first visitors did nearly a century ago. A once-in-a-lifetime tour encompassing historic modes of travel through the park and historic front and back country lodges recreate the early 1900's experience; board a restored Red bus for a ride from the historic Belton Chalet to Lake McDonald; step onto the historic DeSmet and be motored to the shore of Lake McDonald Lodge; ride horseback to a well-preserved backcountry chalet high in the mountains of Glacier; hike to a glacier or over a mountain pass. Naturalist guides provide interpretation and the richest park experience offered since the turn of the 20th century.
